

Hospitality Range Catalogue

Welcome to Viking Beds

We are a Cape Town based 100% South African owned Mattress and Bed Set manufacturer with our production facilities located in Ndabeni, next to Pinelands.

We have been in the garment, embroidery, and quilting and textile industries since 1986. Owned by mechanical and electronic engineers we pride ourselves on the fact that we design, engineer, manufacture and supply the finest quality mattresses and bed set products on the market today.

We believe in the traditional standards of quality, using the latest technology in fabrics, materials, machinery and production methods to produce a range of the highest quality products

to ensure you, our customer, exceptional products that are manufactured to last.

Our Hospitality range of mattresses are all Turn and Rotate and include Rotation Numbering embroidered on the borders for easy management of rotation cycles.

Our mattresses/bed sets come with handles and are available in Single to King Size , Super King Size, in Standard or Extra length.

As a manufacturer we are more than happy to work with our clients to design and manufacture a mattress or bed set to suit their specific specifications or requirements.

Viking Beds is a GHASA Accredited Manufacturer to the hospitality industry.

Bed Rotation Sequence

For the Hospitality industry we recommend you turn and rotate the mattress every week. When turning the mattress we suggest 2 people perform this function, as a safety measure.

Rotation Cycle 1

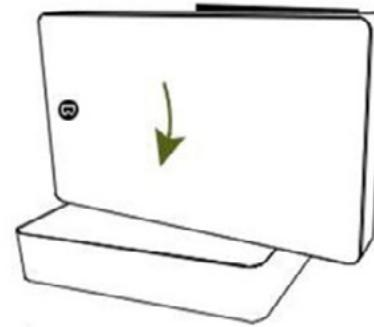

Rotate mattress counter clockwise ½ turn.

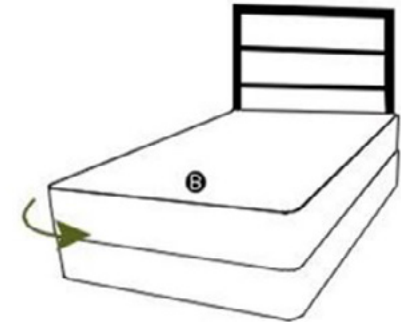

Realign mattress with the base for the bed.

Rotation Cycle 3

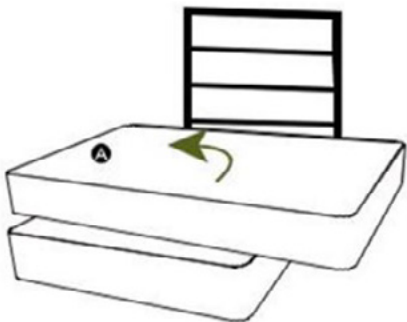

Lower mattress gently on the base of the bed.

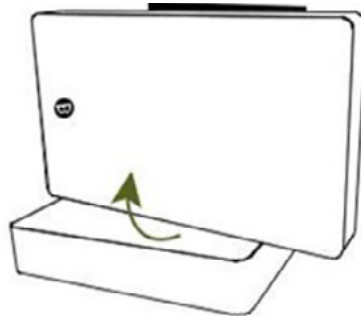

Rotate and realign mattress with the base.

Rotation Cycle 2

Rotate mattress to overhang the base.

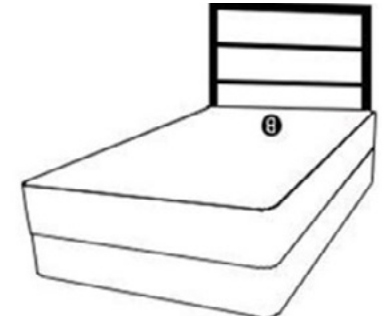

Raise mattress on edge.

Rotation Cycle 4

Rotate mattress again ½ turn counter clockwise.

Realign mattress with the base. Repeat from cycle 1.

Viking Beds Accessories

By using the latest technology and quality materials, together with our passion and commitment to product excellence and customer service we will design, manufacture and sell products of the highest quality.

Mattress Protectors

Memory and Latex Pillows

Mattress Converters

VIKING TECHNOLOGY

Spring Units

Our range of Halo™ i6 Turn bonnell spring and Halo™ Vortex Pocket Coil Spring units are specifically engineered to the highest quality standards for structural integrity.

Viking Foams

Our range of foams ensures all comfort levels are catered for, from Pure Plush™ to Pure Firm™. Our foams have 0% calcium added, thus increasing the tensile strength of all our foam products, foam products manufactured to last.

Viking Fabrics

We use the best quality Jacquard Woven and Warp Knitted fabrics in the manufacture of our mattresses. These fabric manufacturing processes provide for stronger, more resilient fabrics.

Viking Machinery

We have invested in and own the latest high tech manufacturing equipment, from automated quilting and embroidery machines, to the latest high tech mattress manufacturing machinery available.
